

CALL FOR MEMBERSHIP

YORK STUDENT IDENTITY CENSUS SUB-COMMITTEE

The York Student Identity Census (YSIC) will be...

a mandatory online race-based data collection initiative that captures information on identity markers (race, Indigeneity, place of origin, sex, sexuality, gender, etc.)

from all York University undergraduate and graduate students

that is then analyzed, responsibly reported, and published in a way that can inform York University's policy, program, service, and environment evaluation and development.

As a student and alumni led race-based data collection initiative, YSIC is considered a mechanism of an anti-racism approach to tackling systemic racism and discrimination.

You can contact
YSIC Project Lead,
Larissa Crawford, at
larissacraw4d@gmail.com

What are we looking for in a YSIC Sub-Committee Member?

Members will be meaningfully partaking in a transformative anti-racism project with significant administrative backing and interest

We ask for a minimum time commitment of 10 hours and 1 meeting per month

Anyone with affiliation or commitment to York University is welcome to take part of YSIC (RISE committee membership is not required)

We are seeking individuals who have interest and expertise in:

- Technical skills of data collection and analysis
- Project proposal writing, grant writing
- Anti-racism, critical race, and Indigenous theory
- Educational and public policy
- Community engagement/participatory action research

Members can choose to participate in designing YSIC, writing the proposal document, conducting community research sessions, organizing the launch symposium, and much more

The first YSIC Sub-Committee Meeting will take place before the General RISE Meeting on **FRIDAY, NOVEMBER 23**, from 11:30AM to 1:00PM

Submit your email at <https://goo.gl/uF5aMF>,
OR email Lisa Brown at lbrown@yorku.ca with your contact information

We will contact you with more details on YSIC and your detailed invitation to the first meeting
